

PMPL: Global Partners for Quality Apparel

Pradhan Mercantile Pvt. Ltd. (PMPL) is a leading Indian manufacturer of quality ready-made apparel. Pioneering this sector for the past two decades, our broad product mix capabilities have enabled us to execute a range of design stories for a global clientele. Leveraging an impressive range of techniques and value-adds, we currently focus on children's wear.

We Offer Customer-centric Solutions

At PMPL, our customers come first. All our business practices are built on a keen understanding of each client's unique needs. This enhances our responsiveness and enables us to deliver value while strictly adhering to schedules.

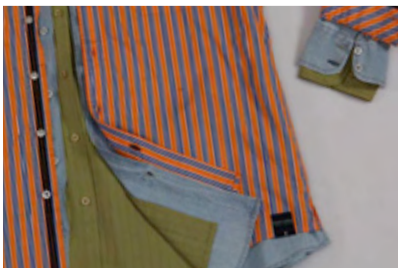

We are Dependable Partners for the Long-Term

PMPL has a reliable supply and delivery record. Our commitment to transparency and ethical business practices has forged strong partnerships with prominent international retail chains. Primarily servicing European markets thus far, our largest customers are based in France.

We Balance Large Volume and Fine Detail with our Customised Production

With 4 factories located in Bangalore, India, our facilities house 1,000 machines with an installed capacity of 4 million pieces per annum, of which approximately 2.5 million pieces per annum are dedicated to wovens and 1.5 million to knits. Superior technology, latest machinery and skilled manpower allow us to service large volume orders with multiple variations quickly and reliably for you.

We Provide a Wide Range of Products to Our Array of Clients

Our product range includes woven and knitted garments for babies and children and woven shirts for men. Among the vast range of products, our speciality is woven blouses, tops, dresses, skirts, shirts, nightwear, overalls, knitted tops, leggings and t-shirts. Since we work with both knitted and woven fabrics, we are amongst the few suppliers who can produce mixed sets and stories.

We work on a large range of fabrics including poplin, voile, cambric, corduroy, twill, jersey and rib in dyed, yarn dyed and printed. We handle basics as well as styles with lot of value additions (embroidery, prints, etc.) with equal ease. Apart from offering a number of finishes on these fabrics, we also work with modern laundries to offer our customers the best possible washing treatment.

We Comply With the Highest Industry Standards

The Human Resource policies being pursued, the management systems used, the physical layouts, furniture and fixtures, are all consistent with various local and statutory requirements, including AQL, ISO and social audit compliances required by various large importers in Europe and North America.

There is consistent innovation in the outlook, and there is continuous investment made in upgrading the manpower as well as technology. The sophisticated Lectra C.A.D. system (Modaris-V6R1 Modepro and Diamino) and E.R.P. software are being used extensively. Progressive technology, an unflinching commitment to quality and timely delivery, and a religious adherence to ethical business practices are the basic foundations upon which PMPL has built a strong platform to enable it to serve effectively for many decades to come.

We Invest in Our People

Through training, skill building, upgrading equipment and a benchmarked workplace, we motivate our people to give their best. The culture of our organisation is built on the idea of personal and professional growth. Today, our workforce strength stands at over 2,000 skilled employees, many of whom have grown with us over the past decade.

We Use State-of-the-Art Technology for Guaranteed Quality

At PMPL, we use top-of-the-line machinery & equipment to ensure that perfect finish. Apart from the Brother single needle sewing machines (including programmable, UBTs, etc.), there are a number of specialized machines for a variety of processes which include premium brands like Eastman, Pegasus, Kansai, Hashima, Yamato, Wastema, Kanniegieser, Veit, Ngai Shing, Ramsons Etc.
